

# Rakshit Goyal - Alemeno Submission Cover

Final deliverables list

## Summary

This document is the cover sheet for the Alemeno internship assignment submission. The complete submission package contains the GitHub repository, the detailed project PDF, the final submission PDF, and the Android APK.

## Deliverables

| Item                 | Details                                                                                   |
|----------------------|-------------------------------------------------------------------------------------------|
| GitHub Repository    | <link href="https://github.com/Rakshitgoyal770/scaner-.git">https://github.com/Rakshitgoy |
| Detailed Project PDF | Assignment-Approach.pdf                                                                   |
| Final Submission PDF | Rakshit_Goyal_Alemeno_Submission.pdf                                                      |
| Android APK          | Saner-release.apk                                                                         |

## What to upload

- Upload this cover PDF.
- Upload the final submission PDF with screenshots and results.
- Upload the detailed project PDF if submitting documents separately.
- Upload the Android APK file for installation/testing.
- Keep the GitHub repository public and accessible.

## Note

If the submission is made through Google Drive, this cover PDF can be placed in the shared folder alongside the APK and the two PDFs. If the submission is made as a single PDF, this cover sheet can be the first document and the GitHub repository link should remain clickable.
